

QBE SME Product Sheet

CyberCrime

Cyber criminals are increasingly targeting small and medium-sized businesses. Our CyberCrime product is tailor-made to provide the comprehensive cover SMEs need to keep them safe.

Reflecting our pioneering role in developing innovative e-trade products that go that one step further, our CyberCrime product was the first of its kind offered through the Acturis platform.

This product is suitable for almost every kind of business. We can also include Social Engineering Fraud cover, Cyber Business Interruption cover and full Crime cover for added peace of mind.

QBE SME Product Sheet

 - Public relations costs
 - Forensics costs
 - Credit monitoring costs
 - Cyber extortion
- Option to add Cyber Business Interruption cover
- Option to add full Crime cover
- Delivery of policy documents when you want them puts you in control
- Comprehensive wording.

A rapid forensic response

When an incident happens, a rapid response is vital. We've partnered with a data breach specialist to provide 24-hour a day assistance, including:

- Professional assessment of the issue
- IT forensics experts to investigate and help resolve the issue, either working remotely or with a site visit
- Legal advice throughout the claim
- Experian credit monitoring service
- Specialist Public Relations (PR) advice to help minimise any impact on the company reputation.

Introducing Any One Claim (AOC) Coverage

We're proud to unveil a major enhancement to our cyber insurance offering: Any One Claim (AOC) coverage, tailored specifically for UK-domiciled small and medium enterprises. This innovative feature ensures that each individual cyber incident is treated as a separate claim, providing access to the full policy limit for every covered event. Whether facing ransomware, data breaches, or business interruption, AOC coverage delivers greater financial protection and peace of mind, empowering our customers to recover swiftly and confidently from multiple cyber threats.

Why choose QBE?

Because we make it possible

As specialist insurance providers for almost every kind of business, our people have the experience, detailed knowledge and positive attitude you need to achieve your goals.

We don't believe that one size fits all. Nor are we influenced by what others do. From policy inception through to claims settlement, we apply our energy and expertise to really understanding our clients' needs. It's this attention to detail that enables us to tailor the solution that's exactly right for them.

QCyberPrepare: Your Cyber Saferoom – Free for Customers

Empower your organisation with a secure, user friendly platform for cyber incident readiness. Confidential document storage and out of band access ensure continuity even during network compromise. Collaborate with internal teams and external advisors in a controlled, secure environment. Enjoy 24/7 access to incident response tools, messaging, and video calls at no extra cost.

Standard cover

Data security and multimedia cover

- Liability arising out of multimedia exposures as a result of a hacker. For example defamation, libel and infringement of intellectual property rights
- Liability arising from the failure to properly handle, manage, store, destroy or otherwise control personally identifiable information
- Liability arising out of unintentional transmission of a computer virus
- Liability arising out of a hacker's fraudulent use of information
- Policy limits of indemnity of £100,000, £250,000, £500,000, £1 million, £2 million, £3 million, £4 million and £5 million available.

QBE SME Product Sheet

Data breach notification costs cover

- The provision of consumer notifications to comply with data breach law following a data breach
- The costs to send and administer notification communications
- The costs of call centre services to respond to enquiries and queries following a notification communication.

Information and communication asset rectification costs cover

- The costs for repair, restoration or replacement of computer and telecommunication system software and hardware, damaged, destroyed, altered, corrupted, copied, stolen or misused by a hacker.

Regulatory defence costs cover

- Payment for those amounts which the insured is legally obliged to pay (including legal and defence costs) as a result of a civil regulatory action, regulatory compensatory award, civil penalty, or fines to the extent insurable by law, imposed by a government or public authority regulator
- Cover for Payment Card Industry (PCI) fines and legal investigation costs (limit £50,000).

Public relations costs cover

- Payment for all reasonable costs the insured incurs for a public relations and crisis management consultant to avert or mitigate any material damage to any of the insured's brands and business operations (sub limited to £100,000).

Forensics costs cover

- Payment for a forensic consultant to establish the identity or methods of the hacker or other details required by the insurer following a data breach.

Credit monitoring costs cover

- Payment for credit monitoring services in order to comply with data breach law.
