Computer Breakdown Section

Cyber risk exclusion

A new exclusion applicable to all sections of the policy has been added to this policy.

Cyber risk

The **policy** excludes:

- a) **cyber loss**; and
- b) loss, **damage**, liability, claim, cost, expense of whatsoever nature directly or indirectly caused by, contributed to by, resulting from, arising out of or in connection with any loss of use, reduction in functionality, repair, replacement, restoration or reproduction of any **data**, including any amount pertaining to the value of such **data**; regardless of any other cause or event contributing concurrently or in any other sequence thereto, and subject to the provisions below.

Paragraph a) above will not apply to:

- i. any physical loss or physical **damage** to **property insured** and resulting business interruption under this **policy** caused by any fire or explosion directly and solely occasioned by a **cyber event** although paragraph a) will continue to apply where the **cyber event** is itself caused by a **cyber act**;
- ii. any claim, loss or **damage** which would otherwise be indemnified by the 'Computer breakdown' or 'Machinery breakdown' extensions in this **policy**, except that these will not cover any claim, loss or **damage** directly or indirectly caused by a **cyber act**. However, paragraph b) above will still apply.

Paragraph b) above will be subject to the proviso that, should **data processing media** owned or operated by **you** suffer physical loss or physical **damage** insured by this **policy**, then this **policy** will cover the cost to repair or replace the **data processing media** itself plus the costs of copying the **electronic data** from back-up or from originals of a previous generation. These costs will not include research and engineering nor any costs of recreating, gathering or assembling the **electronic data**. If such media is not repaired, replaced or restored the basis of valuation will be the cost of the blank **data processing media**. However, this **policy** excludes any amount pertaining to the value of **electronic data**, to **you** or any other party, even if such **electronic data** cannot be recreated, gathered or assembled.
