# Working for a better world

**At QBE, we believe in seeking, securing, and nurturing sustainable partnerships in everything we do. And that focus is not limited to commercial concerns. It's also reflected in how we invest our premiums and support the communities in which we operate.**

## **Premiums4Good**

Like all insurers, QBE invests customers' premiums until they're needed to pay claims.

Not afraid to do things a little differently, our ground-breaking initiative, Premiums4Good, diverts a portion of our customer's premium to impact investments that deliver an environmental or social impact or return.

These investments make a real and sustainable difference to communities around the world, benefiting causes such as reducing homelessness, renewable energy, improving chances for foster children and agricultural productivity. Our customers have embraced this approach.

## **QBE Foundation**

We want to help find solutions to the problems of tomorrow, but we also want to tackle those the world is facing today. That's why we established the QBE Foundation to direct our charitable efforts to the most pressing issues.

Through the Foundation, we want to establish long-term partnerships, supported by education and awareness around risks, to improve the resilience and preparedness of our communities so they are better equipped to protect themselves.

We want to help create strong, resilient, and inclusive communities, by focusing investment and efforts on two key areas where we believe we can have the greatest impact: climate resilience and inclusion.

Since launching the QBE Foundation in 2011, alongside our employees, QBE in Europe has donated more than £10 million to worthy causes.
