QBE Portfolio Solutions (QPS)

Capacity built around partnership and performance

QPS provides smart, stable portfolio capacity through tailored quota share and delegated underwriting arrangements. We partner with market-leading intermediaries, carriers and MGAs to build diversified, resilient books – combining underwriting judgment, disciplined structures, and long-term alignment.

Our appetite – at a glance

QPS Broker Facilities

Purpose-built capacity for scale and quality, delivered via binding authorities and consortia with trusted partners across retail and wholesale broker partners. With deep expertise in this market, we bring lead-follow flexibility, product-agnostic capability, and a strong track record in designing structures that fit with how you trade.

We like:

- **Facilities with credible distribution and underwriting discipline**, supported by robust performance history
- **Multi-line and multi-territory portfolios** that enhance diversification and resilience
- **Brokered distribution with demonstrable trading momentum** and room to scale without diluting quality.

QPS Capacity

Flexible portfolio capacity for whole account quota shares, binding authorities and consortia. We co-create clear terms, data protocols, and performance objectives – building portfolios designed to endure.

We like:

- **Delegated arrangements** where governance, data and controls meet direct-level standards
- **Structures and solutions that balance risk and reward** across products and geographies
- **Aligned participation** from counterparties, keeping incentives tight and long-term.

Why partner with QPS

Cornerstone portfolio capacity

Delivered by a single, integrated underwriting team focused on portfolio performance

Lead-follow flexibility

We lead structures for partners with proven market leaders and stay agile across product lines

Global reach through QBE's network, licensing and local expertise

Financial strength and strong insurer ratings

Giving counterparties confidence in durable capacity

Product-agnostic

We have the capability to write all products within a single team and structure

Proven track record in portfolio and delegated underwriting, with a portfolio live since 2012 and market-leading expertise across the largest portfolio structures

Flexible contract structures

From broker facilities and consortia to whole account quota share

Diversification by design

Targeting balanced exposure across products and geographies.

QBE Portfolio Solutions (QPS)

What QPS looks for in its partners

- **Actuarial loss picks & historical data**
Evidence-based assumptions and credible experience to support pricing and performance monitoring
- **Alignment of interest**
Preference for counterparties to retain risk, reinforcing accountability over the cycle
- **Carrier due diligence procedures**
Clear governance, compliance, and audit frameworks
- **Direct level transparency**
Data and bordereaux provided as if written direct, enabling full visibility and actionable insight.

How we work – capabilities and structures

Portfolio design & underwriting
Specialist team focused on delegated arrangements and portfolio-level strategies, with disciplined performance management

Contract structures
Broker facilities, binding authorities, consortia, and whole account quota share – configured to your objectives and operating model

Paper & Capacity
Dual-platform capability with Lloyd’s or company paper, selected to suit product, jurisdiction, and distribution

Operational enablement
Streamlined onboarding, DUA management, and pragmatic operational support to keep facilities running smoothly

Data & reporting
Data-driven underwriting with clear reporting standards and portfolio analytics to track results and inform decisions.
